EASY TOUCH CONTROL SYSTEM

EasyTouch systems are available for separate pools and spas, as well as pool/spa combinations with shared equipment. You select from systems that control 4 or 8 accessory functions. All functions are controlled with one-button access from the totally self-contained load center. Optional controllers are available.

Optional controllers for added convenience: Indoor control panel (for 4 or 8 circuit systems), a wireless controller (for 4 or 8 circuit systems), a QuickTouch® 4-function wireless remote, a Four-function spa-side remote, a 4-button spa side remote, and iS10 spa-side remote.

Built-in diagnostics include automatic verification of the display, microprocessor, switches, indicators, relay outputs, valve outputs, sensor inputs, and communication ports as well as a diagnostic screen that reports failures for troubleshooting and repair purposes.
